Energy Conservation, Renewable Energy, and Climate Change

- Bonneville Environmental Foundation Renewable Energy, Watersheds, Grant Programs, Carbon Calculator, Green Tags
- Clean Energy Works Oregon - "Save on home energy efficiency improvements with rebates and no money down financing"
- Climate Counts - "Make Climate Change History"
- Climate Literacy and Energy Awareness Network (CLEAN) - Digital resources for teaching about climate science, climate change and energy awareness
- Climate Solutions - Practical solutions to global warming
- The Climate Trust - Specializes in climate solutions for governments, utilities, and large businesses
- Colorado Solar - Good primer on benefits of installing solar
- Earth Advantage Institute - Providing tools to create better buildings, thereby reducing greenhouse gas emissions and mitigating climate change
- The Energy Foundation – Advancing new energy technologies that enable economic growth with dramatically less pollution
- Energy Savers - U.S. Department of Energy resources to help consumers save money by saving energy
- Energy Star - A government-backed program helping businesses and individuals protect the environment through superior energy efficiency
- Energy Trust of Oregon, Inc. - Home and business energy efficiency and renewable energy rebates and incentives, high-efficiency appliance rebates, and more
- Facing Climate Change - A documentary project that tells the story of global change through local people. This new video series is from the Pacific Northwest, and features stories about oyster farmers confronting ocean acidification, coastal Tribes planning for sea level rise, potato farmers adjusting to reduced snowpack, and plateau Tribes concerned about habitat loss.
- Green Power Partnership and Communities, US EPA – The Green Power Partnership is a voluntary program that encourages organizations and communities to use green power as a way to reduce the environmental impacts associated with conventional electricity use
- Keep Oregon Cool - Oregon Global Warming Commission
- Oregon Department of Energy-Conservation Division - For residents, cut your energy bills and increase your home's comfort with tax credits and more. For business, tax credits and loans will help you invest in energy efficiency and renewable energy projects
- Oregon Department of Environmental Quality - Land Quality, Solid Waste Division - Learn about materials, waste, and global warming, including results of a consumption-based GHG emissions inventory for Oregon.
- Oregon Physicians for Social Responsibility - Energy Independence
- Oregon Solar Energy Industries Association
- Portland General Electric Disposing of Compact Fluorescent Light bulbs
- Portland Peak Oil - Community resilience preparation and outreach
- Post Carbon Institute - "Leading the transition to a more resilient, equitable, and sustainable world"
- Solar Oregon - "Connecting you to solar information and resources"
- State of Oregon Renewable Energy Overview
- U.S. Department of Energy - Energy Efficiency & Renewable Energy
