

Moisture Content Form

Published on City of Lake Oswego Oregon Official Website (<http://ci.oswego.or.us>)

Moisture Content Form

This form must be received prior to scheduling the framing inspection. In signing the form, it is certified that all moisture-sensitive wood framing members used in construction for the building permit have been tested and determined to have a moisture content of nineteen (19) percent or less of the weight of dry wood framing members. (Oregon Residential Specialty Code R318.2)
