### **Literature Criticism Online**

Literature Criticism Online represents a range of modern and historical views on authors and their works across regions, eras and genres. Scholarly and popular commentary from broadsheets, pamphlets, encyclopedias, books and periodicals.

### **Oregon Authors Information Clearinghouse**

The Oregon Authors Information Clearinghouse was established to provide access to information and resources about authors living in Oregon. It is maintained by the Oregon Authors Committee, a standing committee of the Oregon Library Association whose charge is to collect and preserve bibliographic data on Oregon authors.

Oregon Authors is an annual bibliography of works by authors residing in Oregon. Entries in the bibliography are determined by criteria established by the Oregon Authors Committee, and include full bibliographic data, as well as ordering information, awards, published review sources, reader reviews, reading level, genre, and other information as appropriate.

### **The Complete Review**

The Complete Review provides up-to-date literary web-logs.
