Total Maximum Daily Loads (TMDLs)

A TMDL is the calculated pollutant amount that a waterbody can receive and still meet Oregon water quality standards. This page contains links to Oregon Water Quality Standards and the applicable TMDLs within the City of Lake Oswego.

[Oregon Water Quality Standards](#)

[Tualatin River TMDL](#) (*includes Oswego Lake TMDL*)

[Willamette River TMDL](#) (*includes Tryon Creek and Springbrook Creek TMDLs*)
