Here are tips on cougar confrontations, provided by the Oregon Department of Fish and Wildlife:

- Cougars often will retreat if given the opportunity. Leave the animal a way to escape.
- Stay calm and stand your ground.
- Maintain direct eye contact.
- Pick up children, but do so without bending down or turning your back on the cougar.
- Back away slowly.
- Do not run. Running triggers a chase response in cougars, which could lead to an attack.
- Raise your voice and speak firmly.
- If the cougar seems aggressive, raise your arms to make yourself look larger and clap your hands.

- If in the very unusual event that a cougar attacks you, fight back with rocks, sticks, tools or any items available.
